# THE MORRIS NURSERY CO.

(Incorporated)

Successors to George Achelis

**West Chester, Chester County, Pa.**

**FOR THE SPRING OF 1911**

---

TERMS.—Cash, except when expressly agreed otherwise. Packing will be done in the best manner, in bales or boxes, at the cost of the purchaser; but no charge will be made for delivering the boxes at the railroad.

All articles, after leaving our hands in good condition, are entirely at the risk of the purchaser; and no complaint will be allowed unless made within ten days after receipt of goods.

While we are extremely particular in having our trees and plants true to name and free from mixture, mistakes may occur, and it is therefore mutually agreed between the purchaser and us that we will be held responsible only so far as to replace such trees as, on proper proof, may be found to be untrue to label, or refund the amount originally received for them.

---

Our Nurseries are inspected every year, and every shipment will be accompanied by a certificate of the State Examiner. As a further precaution all fruit trees will be fumigated before shipment.

## FRUIT DEPARTMENT.

For convenience and economy in ordering by wire, a telegraphic cipher is attached to each article. The nurseryman's telegraphic code used.
